

# CCA Water Use Acknowledgment

Crestwood Condominium Association (CCA) is billed through a single account and meter with the Birmingham Water Works Board (BWVB) for the water and sewer services consumed by all of our condominium unit owners. In order to prevent waste, CCA has installed submeters on each individual condominium unit and is also billed by an independent contractor for meter reading and billing services. It is the responsibility of each unit owner to pay, in a timely fashion, for water and sewer resources consumed as measured by the meter associated with each individual unit, as well as the costs associated with meter reading and billing, regardless of how or by whom the water and sewer service is consumed. CCA may, at its discretion, provide a courtesy copy of the associated owner bill to the unit address ("tenant billing"). This does not remove, amend, or alter the responsibility of the unit owner for the water bill.

I have read and understand the above:
